VOLUNTEERING

- **TUTORING EDUCATION – UOH**

I presented a comprehensive 12-hour workshop about the Introduction to Computer Science, which included an in-depth look at programming and Object-Oriented Programming concepts.

ABOUT

Committed and goal-oriented Software Engineer graduate looking to pursue a career in the software development domain. Possess decent knowledge in HTML, CSS, Sass, Javascript, React, AI, Python, Java, ASP.NET, C#. Ability to learn things quickly and capable of working in a fast-paced and team-driven environment.

EXPERIENCE

- **TRINEE**
National Information Center – SDAIA,
12/2022 – 5/2023

As a Full Stack Developer with the Nafath Team, I have been worked on developing dashboard project utilizing both React for frontend development and ASP.NET for backend functionality. In conjunction with this, I have utilized my extensive knowledge of MSSQL to achieve optimal data management and storage capabilities.

PROJECTS
